Environmental and infrastructure expertise for airports

Worldwide air traffic is likely to grow twice as fast as the global economy. Airport contractors and operators must meet the challenge of this air traffic increase through the sustainable development of their activities. Antea Group teams support airports in taking into account these issues and their impacts. Our approach is based on a proven methodology:

- > understand the issues,
- > preserve the resources,
- > limit the impacts.

INFRASTRUCTURE

- > Airport master plan
- > Terminal design
- > Runway design: pavement, signaling, drainage
- > Road accesses
- > Design of auxiliary buildings and aircraft hangars

CONTAMINATED SOIL MANAGEMENT

- > Contamination diagnosis
- > Soil and groundwater remediation
- > Risk assessment
- > Management plan

DOMESTIC AND INDUSTRIAL WASTEWATER

- > Treatment audit
- > Definition of treatment technologies
- > Design of treatment systems
- > Reuse of treated wastewater
- > Water quality control

SURFACE WATER & PROCESS WATER

- > Management plan
- > Modeling & design
- > Drainage of runways, taxiways and buildings
- > Treatment of stormwater & anti-freeze water
- > Water infrastructure
- > Water quality control

OCCUPATIONAL EXPOSURE

- > Regulatory follow up
- > Ambient air pollutant measurements
- > Noise measurements

GEOTECHNICS

- > Soil improvement
- > Drainage
- Natural risks:**
 - > Underground cavities
 - > Soil liquefaction
 - > Seismic risk
 - > Structural diagnosis

ENVIRONMENT

- > Due diligence
- > Environmental plans
- > Environmental & social impact assessments
- > Permitting

SOLID WASTE MANAGEMENT

- > Audit
- > Characterization
- > Sorting, collecting plans
- > Energy recovery

DISMANTLING

- > Asbestos removal
- > Lead removal
- > Dismantling waste recycling

ENVIRONMENTAL DATA MANAGEMENT

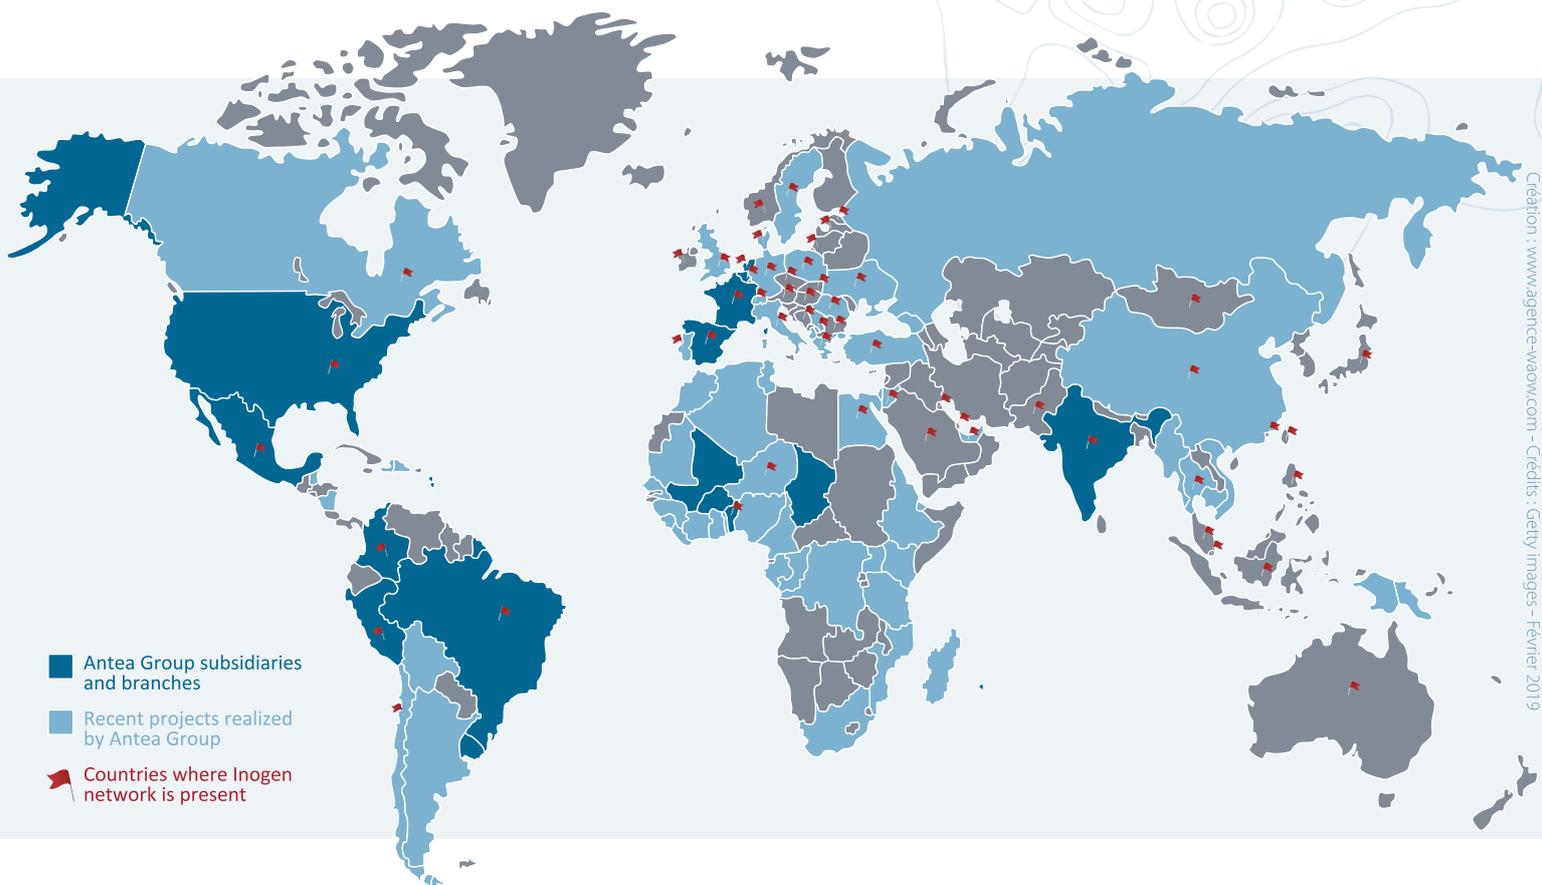

- > Acquisition, validation, data banking, treatment, communication

ENERGY

- > Energy efficiency audits
- > Carbon footprint
- > Geothermal energy

GROUNDWATER

- > Drinking water: investigation, modeling, extraction
- > Monitoring
- > Water stewardship
